Dear Parents,

An Overview of COVID-19 Vaccination of Students

According to the Education Bureau (EDB), the vaccination data for teachers, staff and students aged 12 or above should be collected for the preparation of the resumption of normal face-to-face classes and extra-curricular activities in the new academic year. A survey will be conducted to find the COVID-19 vaccination rate of our students. Parents are invited to complete the survey in this e-circular **on or before 29 July 2021**. Please note that the participation in the survey is on voluntary basis and to be taken anonymously. The data collected will be used for the vaccination rate only.

The school is now collecting information concerning vaccination of your children. Please choose the appropriate one:

A	Received the 1st dose and 2nd dose of COVID-19 vaccine (regardless whether the 2nd dose has been received for more than 14 days).
B	Received the 1st dose of COVID-19 vaccine and is waiting for the 2nd dose of COVID-19 vaccine; or made an appointment to receive the 1st dose of COVID-19 vaccine.
C	Intended and planned to receive 2 doses of COVID-19 vaccine on or before 31 Aug 2021.
D	Has no planning to receive COVID-19 vaccine
E	Declared medically not suitable to receive COVID-19 vaccine.

Thank you very much for your attention.

Yours sincerely,

Mrs. Cherry Chan
Principal
